## DANGERS OF DRAFT

Drafts feel best when we are hot and perspiring, just when they are most dangerous and the result is Neuralgia, Stiff Neck, Sore Muscles or sometimes an attack of Rheumatism. In such cases apply Sloan's Liniment. It stimulates circulation to the sore and painful part. The blood flows freely and in a short time the stiffness and pain leaves. Those suffering from Neuralgia or Neuralgic Headache will find one or two applications of Sloan's Liniment will give grateful relief. The agonizing pain gives way to a tingling sensation of comfort and warmth and quiet rest and sleep is possible. Good for Neuritis too. Price 25c. at your Drug-gist.

Somebody wants public officials to be college bred. That's what they wanted in 1860 when they got Lincoln. Always looking to artificial strength and genius rather than natural, always believing genius can be acquired by reading books, always forgetting destiny never moves on a track built according to our notions, always thinking that eating in style and living in refinement constitutes the panacea for the moment, always asking that effeminate conduct be allowed to supersede that coarseness frequently found in real natural genius.
